

ENVIRONMENTAL STATEMENT

Interactive Education Solutions Limited recognises the need for sustainable development and continually aims to improve the environmental effect of its activities. To achieve this we will:-

Establish sound environmental management by:-

Meeting or improving upon relevant legislative, regulatory and environmental codes of practice.

Developing objectives that target environmental improvements and monitor performance by regular review.

Considering any environmental issues in the decision making process.

Developing a relationship with suppliers and contractors so that we all recognize our environmental responsibilities.

Educating staff so that they carry out their activities in an environmentally responsible manner.

Provide for the effective use of resources by:-

Promoting waste minimisation by recycling or finding other uses of by-products whenever economically viable.

Promoting the efficient use of resources, energy and fuel throughout the Company's operations.

Providing information for the Company's products to be properly used, stored and disposed of so as to avoid unacceptable effects on the environment.

Co-operate with:-

The communities in which we operate.

The government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.

Managing Director,

ENVIRONMENTAL POLICY

Interactive Education Solutions specialises in the supply of Audio Visual technologies for a variety of business use. We recognise the need for sustainable development and continually aim to improve the environmental effect of our activities. We are fully committed to improving environmental activities in all of our departments and across all of our business areas. Interactive Education fully understands it is our responsibility to reduce our environmental impact and to only support and supply technologies that are green-friendly, as we are committed to reducing our carbon footprint.

To achieve this we will: -

Establish sound environmental management by: -

Meeting or improving upon relevant legislative, regulatory and environmental codes of practice.

Developing objectives that target environmental improvements and monitor performance by regular review.

Considering any environmental issues in any decisions making process.

Developing a relationship with suppliers and contractors so that we all recognise our environmental responsibilities.

Educating staff so that they carry out their activities in an environmentally responsible manner.

Utilising energy saving equipment during training and presentations to reduce our carbon footprint.

Provide for the effective use of resources by: -

Promoting waste minimisation by recycling or finding other uses of by-products whenever economically viable.

Promoting the efficient use of resources, energy and fuel throughout the Company's operations.

Providing information for the Company's products to be properly used, stored and disposed of so as to avoid unacceptable effects on the environment.

Cooperate with: -

The communities in which we operate

The government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.

Our Suppliers, Distributors and Manufacturers to support technology that promotes energy saving and used for a greener environment

Interactive Education Solutions will always adhere to minimise waste generation and utilise recycling methods where possible. We will train employees to continue to adhere to the highest level of environmentally friendly practice(s) and make amendments where required to suit best practice. We will endeavour to minimise fuel consumption for transport and continue to assess the impact of our operations on the local and wider environment. The Directors and SMT will manage this policy and ensure this is reflected within the work ethos.

This environmental policy will be revisited and updated regularly.
